978-93-82511-19-9

This book introduces children to writing numerals (1 to 100), along with number names. Teaches them all mathematical concepts along with addition & subtraction.

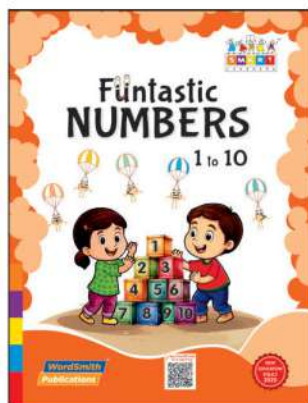

3

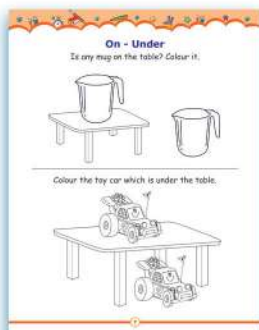

Number Books

This book teaches math concepts & provides writing practice (1 to 10). It includes worksheets as well.

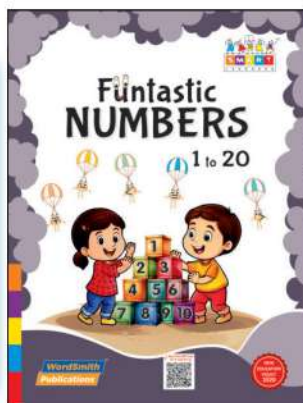

Mini K.G.

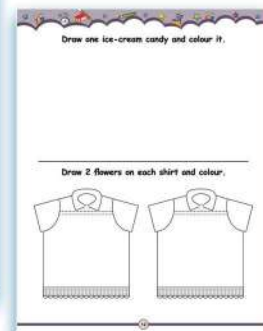

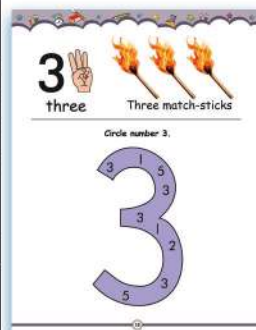

978-93-93353-96-2

Mini K.G.

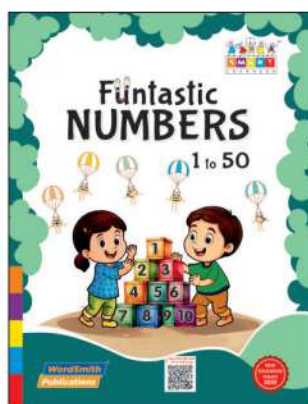

978-93-93353-98-6

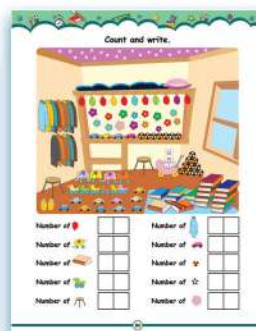

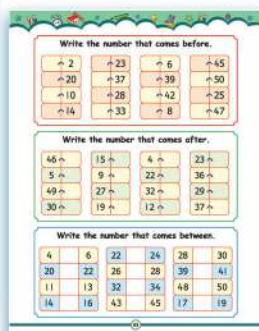

Junior K.G.

This book teaches math concepts & provides writing practice (1 to 50). It includes worksheets as well.

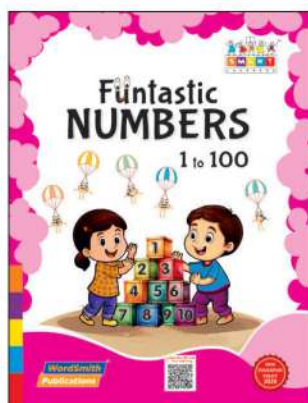

978-93-93353-99-3

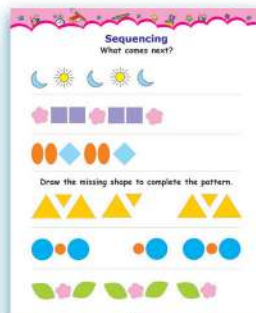

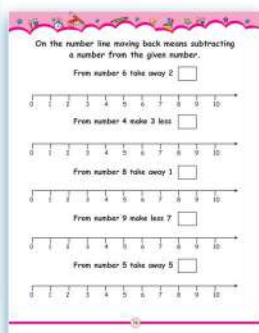

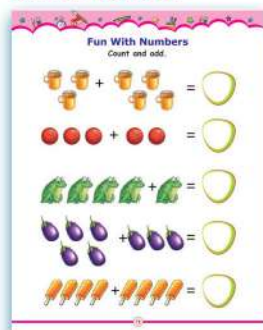

Senior K.G.

This book teaches math concepts & provides writing practice (1 to 100). Teaches them all mathematical concepts along with addition & subtraction.

978-93-93353-92-4

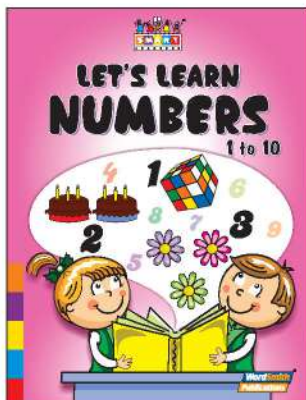

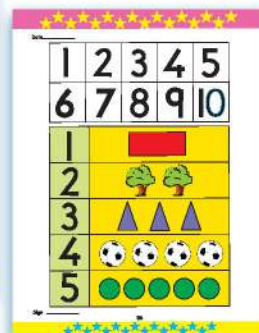

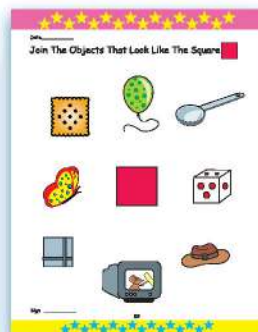

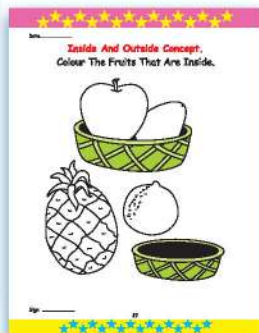

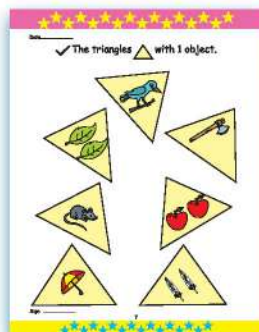

Number Books

Mini K.G.

This book teaches recognition of numerals (1 to 10) with the value of numerals. It also includes various activities.

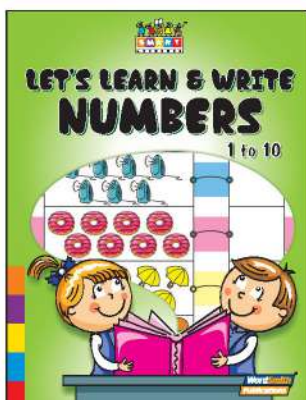

978-93-84791-92-6

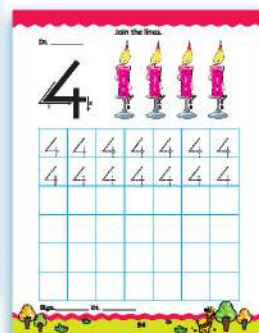

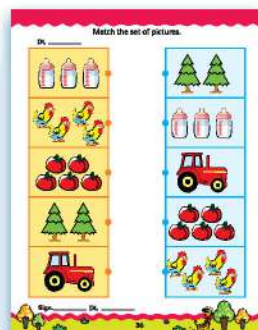

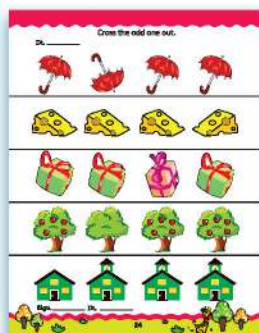

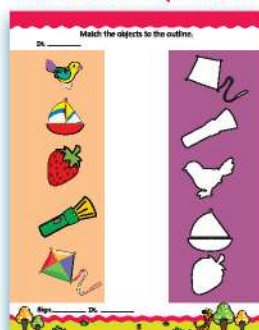

Junior K.G.

This book introduces children to various pre-mathematical concepts like big-small, tall-short etc. along with the recognition & writing of numerals (1 to 10).

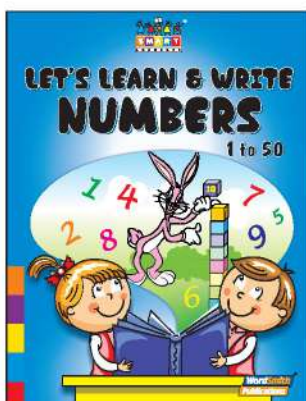

978-93-86294-28-9

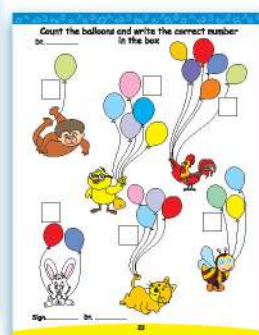

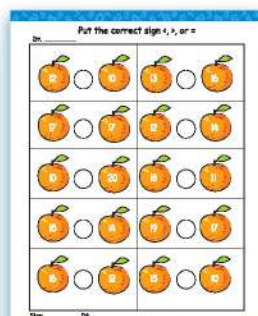

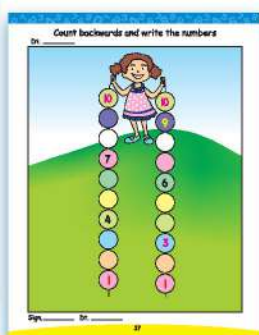

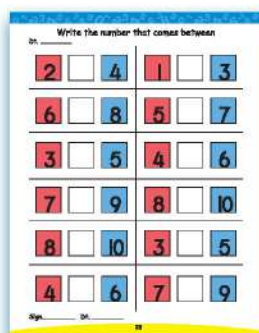

Junior K.G.

This book teaches children different math concepts, recognition & writing of numerals (1 to 50) along with addition.

978-93-86294-55-5

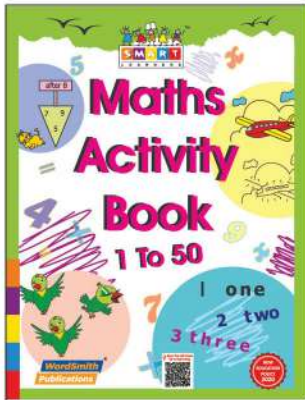

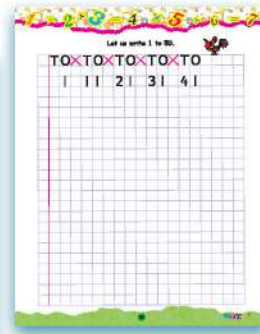

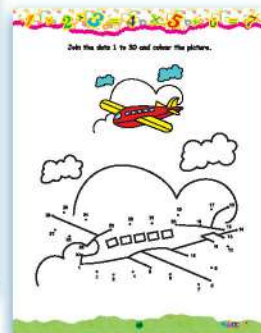

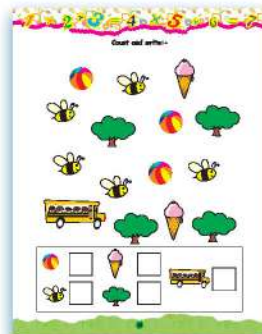

Number Books

Junior K.G.

This book teaches math concepts & provides writing practice (1 to 50). It includes many activities for better learning.

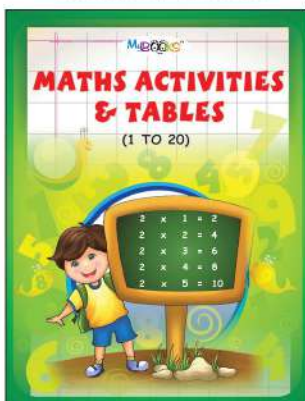

978-93-84791-38-4

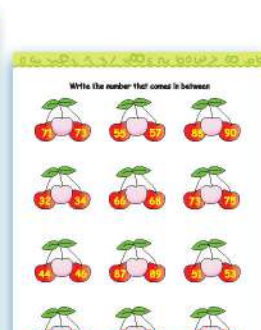

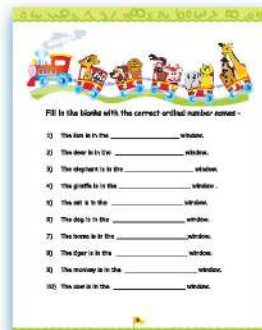

Senior K.G.

This book introduces children to the math concepts along with activities. It helps them learn multiplication tables from 1 to 20.

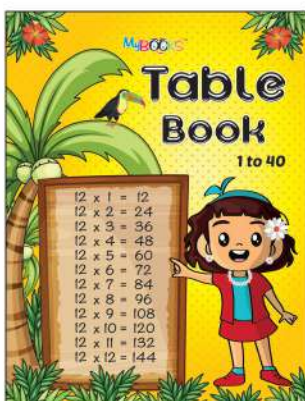

978-93-83891-49-8

Senior K.G.

This book introduces children to the concept of multiplication. It helps them learn multiplication tables from 1 to 40.

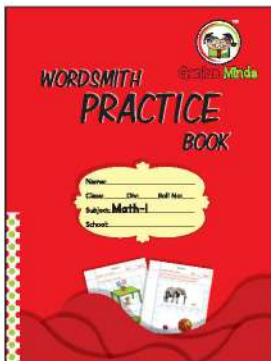

978-93-82511-13-7

Maths Practice Books

This book provides ample practice of writing numbers 1 to 10.

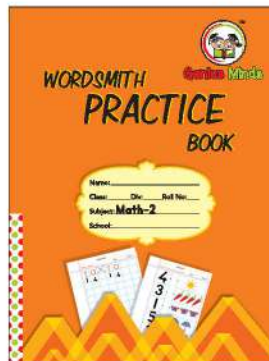

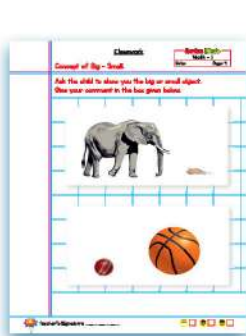

Mini K.G.

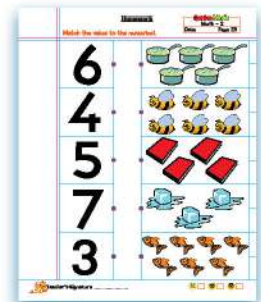

978-93-84791-69-8

This book provides ample practice of writing numbers 1 to 20.

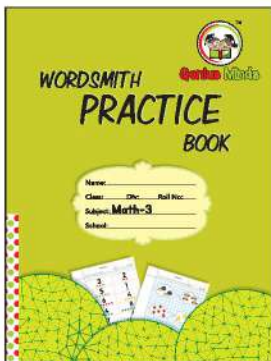

Junior K.G.

978-93-84791-70-4

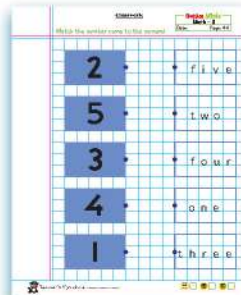

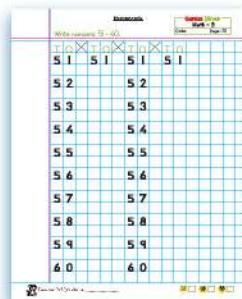

Junior K.G.

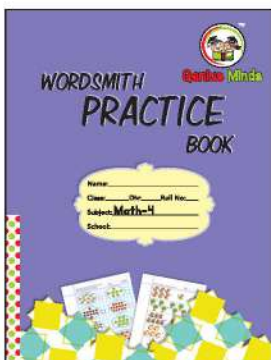

978-93-84791-71-1

This book provides ample practice of writing numbers 1 to 100 & number names 1 to 10.

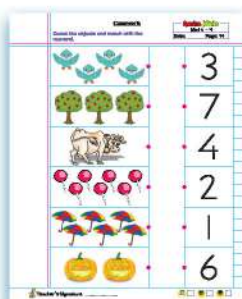

Senior K.G.

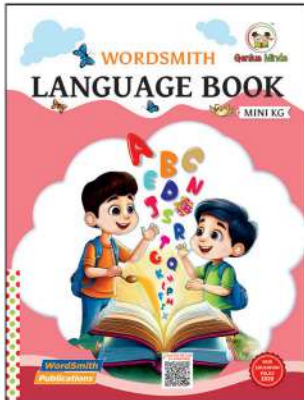

978-93-84791-72-8

This book provides ample practice of writing numbers & number names 1 to 100. Also provides practice of addition & subtraction.

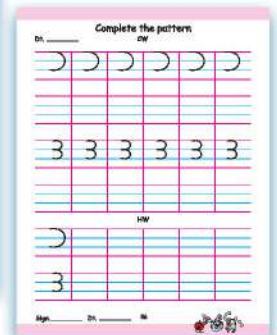

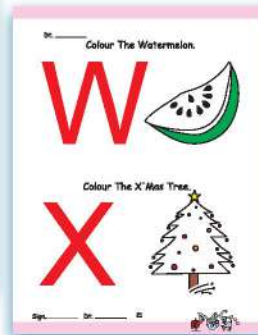

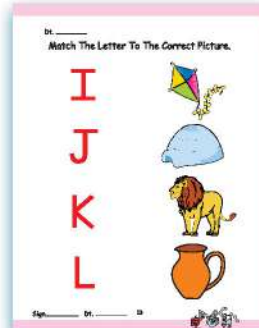

Mini K.G.

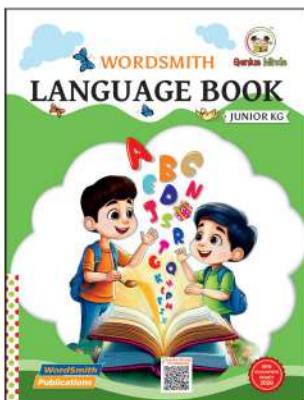

978-93-82511-15-1

Language Books

A comprehensive book for recognition of capital letters along with their basic phonetic sound. Letters are introduced (for writing) with their patterns.

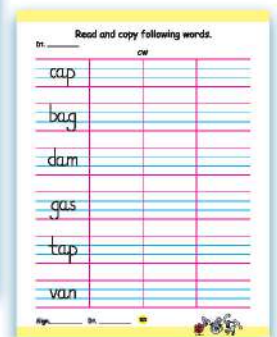

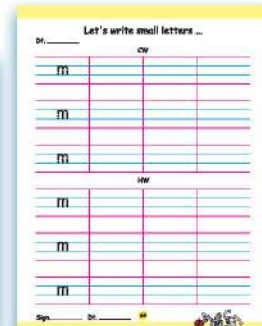

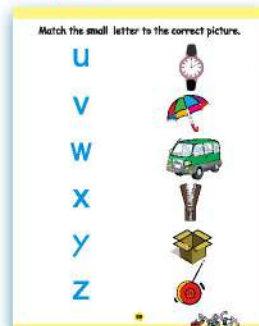

Junior K.G.

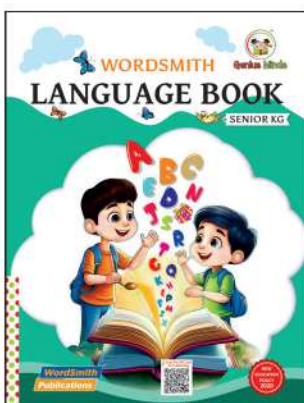

978-93-82511-16-8

Children learn to recognise, read & write small letters. There is enough practice of writing small letters as well as writing two & three letter words.

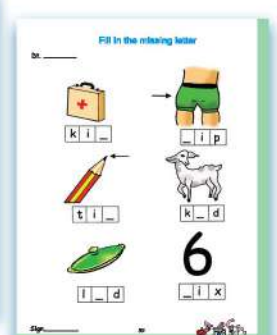

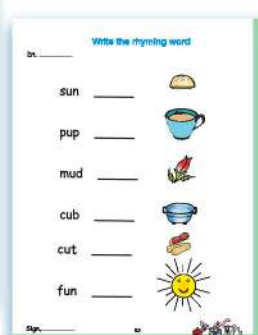

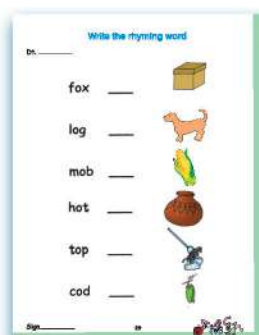

Senior K.G.

978-93-82511-17-5

This book teaches children CVC words, sentences, a, an, and, on, in etc through activity sheets.

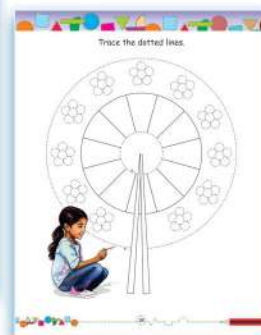

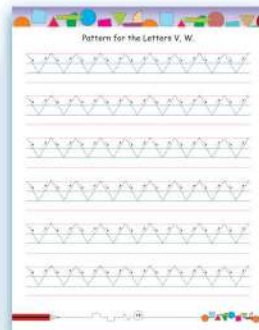

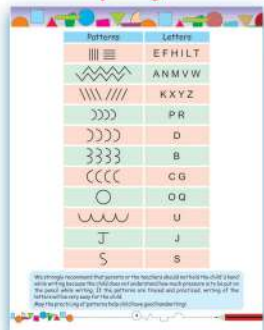

Language Books

Mini K.G.

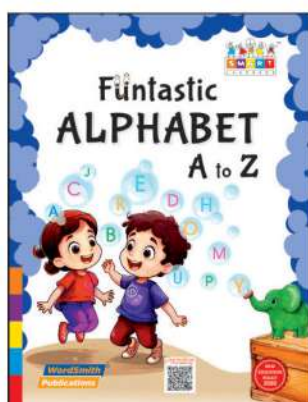

978-93-86294-98-2

This book is useful for the students for better fine-motor development (development of finger muscles for betterment of writing skills) & developing writing skills.

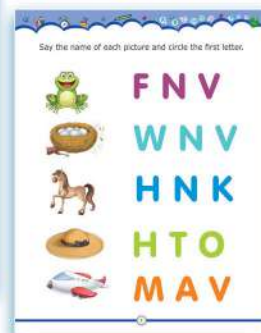

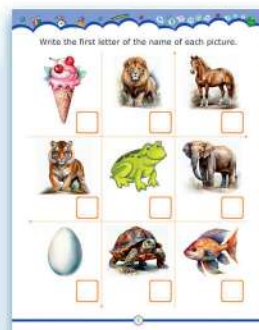

Junior K.G.

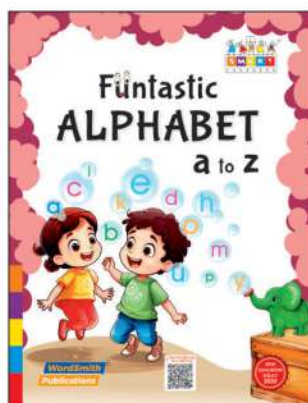

978-93-86294-99-9

Children learn to recognise, read & write capital letters. Enough writing practice is provided. It also gives introduction to phonic sound of each letter.

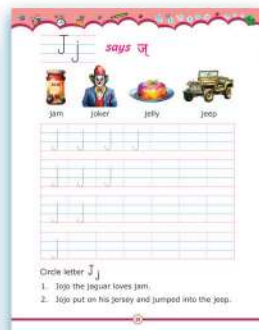

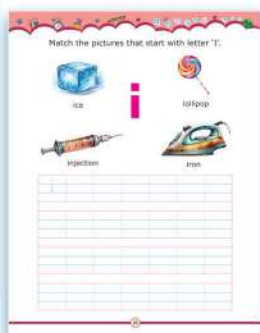

Junior K.G.

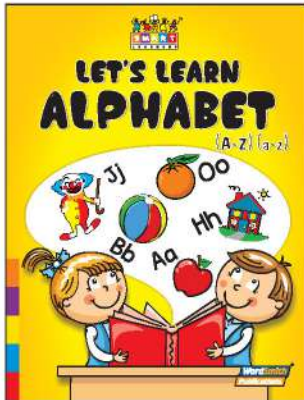

978-93-93353-97-9

Children learn to recognise, read & write small letters. Enough writing practice is provided. It also gives introduction to phonic sound of each letter.

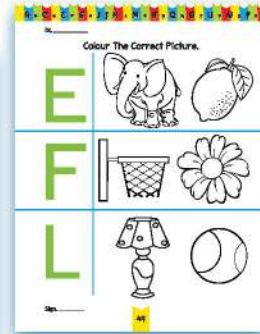

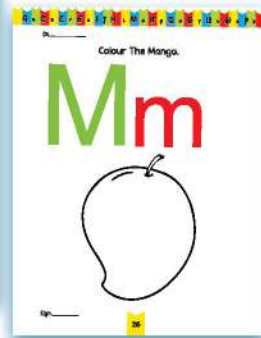

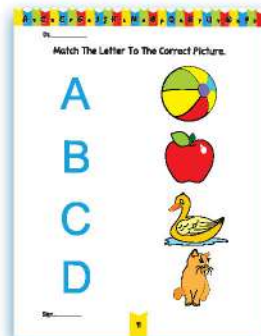

Mini K.G.

This book teaches recognition of both capital as well as small letters. It also includes various activities for development of fine motor skills.

Why Wordsmith Funtastic English?

- It develops superlative communication skills amongst children from a very young age.
- Carefully chosen topics prescribed by the NCERT match the interests of the current generation.
- Each and every lesson has been crafted with care to expose the learner to a wide range of genres. These include poems, stories, plays, letters, pages from a diary, etc.
- Values are subtly woven in each lesson. Inspiring tales from our heritage and thought provoking lessons on the environment will surely ignite the spark of interest in the child.
- Each lesson is followed by a glossary which is aimed at expanding the vocabulary of the learner.
- Included in the book are reading, comprehension, vocabulary, grammar, listening, speaking, writing skills and take away which enhances the experience of learning.

KEY ELEMENTS

Warming-up

Creating the frame of mind to learn a particular topic.

Reading Comprehension

The supporting framework to establish learning.

Vocabulary

Learning new words and how to use them.

Listening

Developing the most important tool to learn a language.

Writing

Helping children to put thoughts on paper.

Fun Time

Enjoying the unlimited benefits of fun.

Reading

Developing the gateway to learning.

Grammar

Helping children to build a strong Linguistic Foundation.

Pronunciation

To develop articulation and diction.

Speaking

Helping children to express their thoughts.

Takeaway

Explains the the motive of each chapter.

Wordsmith Funtastic English (Workbook)

978-93-93353-09-2

978-93-93353-10-8

978-93-93353-11-5

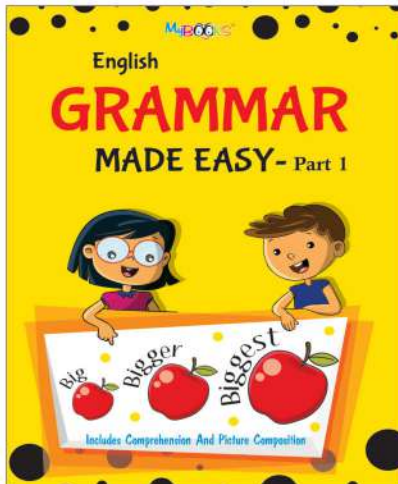

978-93-93353-12-2

English Grammar Made Easy

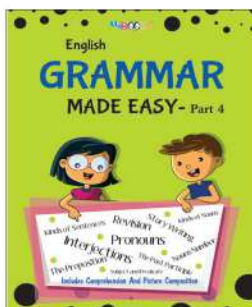

978-93-80842-47-9

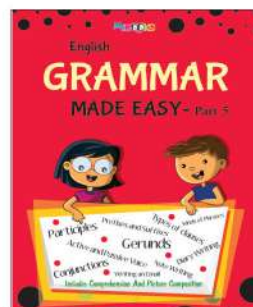

978-93-80842-48-6

978-93-80842-49-3

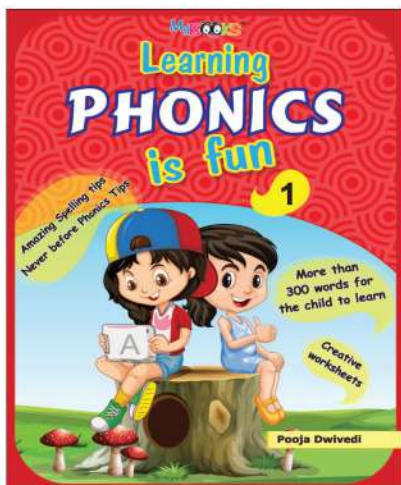

978-93-80842-50-9

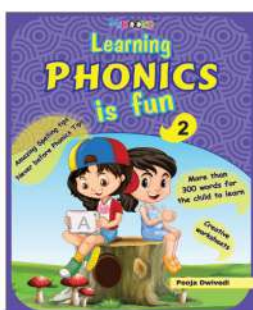

978-93-84791-39-1

- 'Grammar made easy', just as the title suggests, is a book that aims at explaining the concepts of Grammar in an interesting way so that children do not find it either complicated or boring. The book emphasises the understanding of concepts. Besides stating the definitions of grammatical concepts the book provides apt examples which illustrate their usage. The apt illustrations help to develop a child's memory through visual understanding.
- The most important part of learning Grammar is developing the ability to apply it. Thus the examples and exercises that appear in this book are such that a child shall easily be able to identify with them. Short stories have been included to bring home to the children that grammar is an integral part of everyday communication and not something that is found in the books and learnt for the examinations.
- The most effective method of teaching a child is developing his ability to think. The exercises, comprehension passages and the aids to composition that have been included will surely assist in developing the thinking capacity of a child. The picture compositions that have been included will assist in developing the child's ability to express in his own words what he has observed.

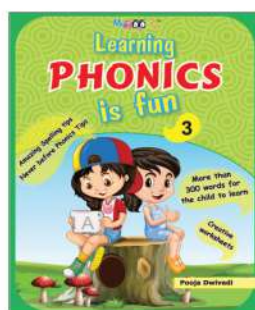

Learning Phonics Is Fun

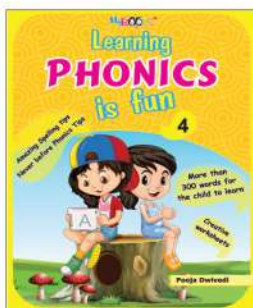

978-93-83891-31-3

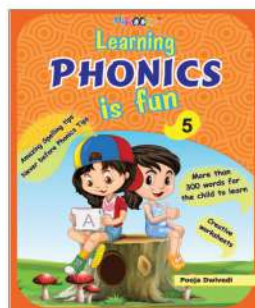

978-93-83891-32-0

978-93-83891-33-7

978-93-83891-34-4

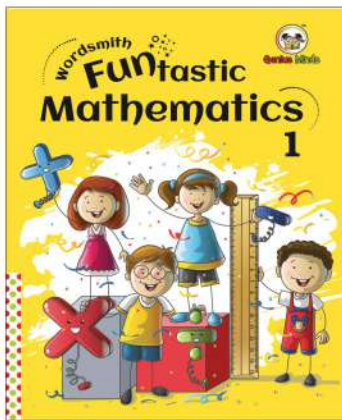

978-93-83891-58-0

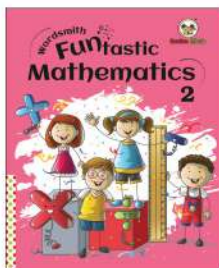

These books is an attempt to reach out to

- Young children who are just beginning their journey of learning English.
- Older Children who have difficulty in getting a grip on words, spellings and phonics.
- The child in some of us who is still intrigued by English.
- Last but not the least teachers who deal with all listed above.
- These books will help your child get over “difficult words”, “confusing spellings” and other myths that come in the way of our mastering the beautiful language that English is.
- In Book 1 the basic consonant and vowel sounds are introduced.
- In book 2, we went a step further and explored the consonants and vowels in combination.
- In Book 3, we explore the magical world of double letters, silent letters and the plethora of combinations in this magical world of vowels and consonants. Spelling tricks, clues and many more activities will make it a fun journey. We also explore the fun world of English language through Homophones.
- In Book 4 we have introduced concepts at an intermediate level.
- Book 5 combines the approach of Phonics & Advanced English to give children a unique distinction in English.

978-93-88666-66-4

978-93-88666-67-1

- 'Wordsmith Funtastic Mathematics' for grades 1 - 8 is a series of books to help students connect mathematical concepts to their daily lives.
- This series conforms to the vision of the National Curriculum Framework and is designed as per the guidelines of the New Educational Policy.
- Learning within the books is structured, following the Concrete Pictorial Abstract (CPA) approach to help students build a strong understanding of mathematics.
- This series also emphasises on helping students develop logical reasoning, problem solving, critical thinking and higher order thinking skills.
- These skills are stepping stones for a strong foundation ahead!

KEY ELEMENTS

What will you learn?

Gives a brief about the learning zones within a chapter.

Key Questions

Questions to encourage interactive discussion before the chapter begins.

Quick Recap

A short recap of previously learnt knowledge.

Learning Zone

Detailed explanation of concepts within the chapter.

Practice Zone

Practice to assess student's understanding of the learnt concept.

Do Your Remember?

Short recall questions before beginning the new concept.

Keep In Mind

Key pointers to make learning clearer and stronger.

Fun with Maths

Fun filled activities to make learning enjoyable.

Pause and Think

Thought provoking questions to trigger student's logical reasoning skills.

Take a Break

Short exercise after every new concept to reinforce the learnt matter.

Do and Learn

Carefully selected activities to enrich student's knowledge about the learnt concept.

Chapter Check-Up

Appears at the end of every chapter as a tool to revise all the learnings of chapter.

Hands-on Activity

Math lab activities to reinforce learning. Also promotes collaborative learning.

Exploration

Just as the name suggests student can explore various important skills needed for their holistic development.

VALUES FOR LIFE - Leads towards integrated learning and developing social emotional skills.

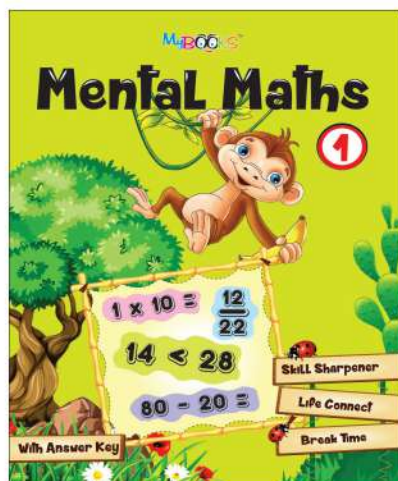

TEST YOUR SKILLS - Increases higher order thinking skills, critical thinking, problem solving skills, analytical thinking etc. These are the base of education ahead.

MATH AROUND US - Helps student connect mathematics to the world outside.

Sum It Up

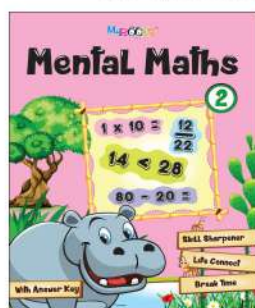

Appears at the end of book to assess student's understanding of the learnt concepts section wise.

Mental Maths

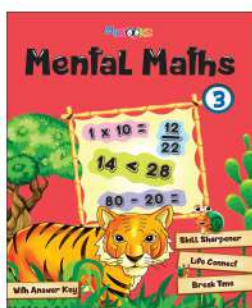

978-93-88666-26-8

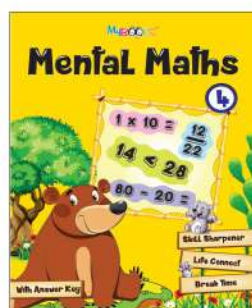

- 'Mental Maths' is a series of books from level 1 to level 5. The main focus of these books is to improve mental skills in the children which is a need in today's fast and competitive world. These books have been developed by a highly experienced author and confirms to the vision of the National Curriculum Framework (2005).
- A set of exercise per chapter focussing to increase mental calculating skills.
- Higher Order Thinking Skills (HOTS) and Critical Thinking & Problem Solving Skills (CT&PS) tapped per chapter.
- Connecting concept of maths to our day to day life.
- Fun filled activities to take a break from the routine & increase cognitive skills.

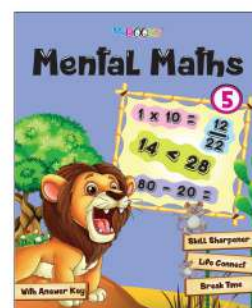

978-93-88666-27-5

978-93-88666-28-2

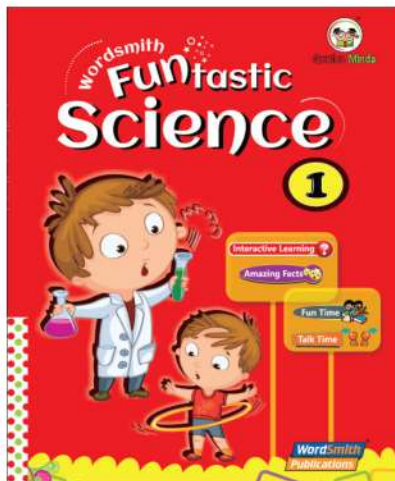

978-93-88666-29-9

978-93-88666-30-5

Wordsmith Funtastic Science

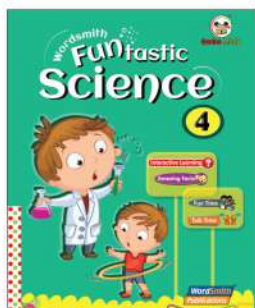

978-93-86294-90-6

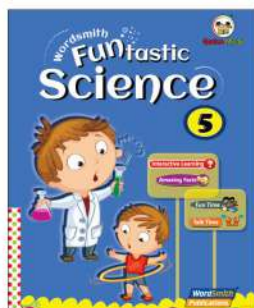

978-93-86294-91-3

978-93-86294-92-0

978-93-86294-93-7

978-93-86294-94-4

- These books follow the National Curriculum Framework (NCF), and are designed as interactive textbooks.
- The activities and questions, interspersed throughout each chapter, keep them alert and interested in the concepts being taught, instead of just being passive listeners.
- These books are rich in coloured images and illustrations, which help the students understand the concepts and terms explained in the text. These also help hold the students attention, and help them to remember and recollect easily what they have studied.
- The books also try to do away with certain misconceptions in science- for example children when asked where a lion stays, always answer 'in a den'. The books help correct a few such mistaken beliefs.
- The books encourage outdoor and indoor activities that enable the student to understand and learn the scientific concepts in an easy and fun way. They also suggest creative and thought provoking activities which keep the students involved and interested in the learning process.
- Further reading, research and discussion is encouraged by these books. Everyday and socially relevant aspects, involving the concepts studied, have also been addressed and put up for discussion. A list of questions in the Talk Time section at the end of each chapter in the book, helps to guide these discussions.

KEY ELEMENTS

New Word

Meanings of new words are given alongside the words, for easy reference while studying.

Your Surroundings

? Questions

Questions are asked within the text.

Key Words

Meanings and definitions of scientific terminology used in the chapter is consolidated and presented at the end of the chapter.

New Terms

This enables students to learn scientific vocabulary which is essential to the learning, understanding and explaining of science.

Amazing Fact

Interesting little tidbits give additional information on the concept being studied, and induces them to delve deeper into the subject.

Exercises

An assessment tool, which includes objective type questions, short questions and long questions.

Fun Time

Encourages learning and revising through fun activities, like field trips, creative and artistic activities, crosswords and word searches.

Talk Time

Topics suggested for discussion are based on the concepts taught in the chapter.

Points to Remember

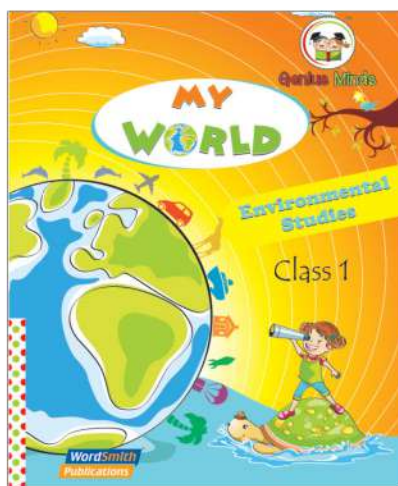

A recap of the chapter, reinforces the essential information covered therein, and helps during revision and before exams.

Activity

Experiment 1

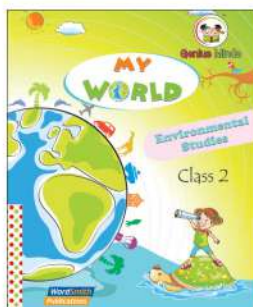

Hands-on learning makes the topic exciting and interesting, and enables students to learn by doing.

My World (EVS)

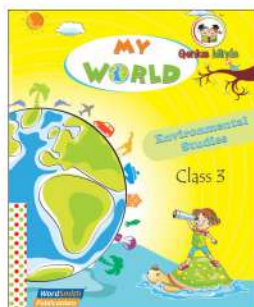

978-93-80842-76-9

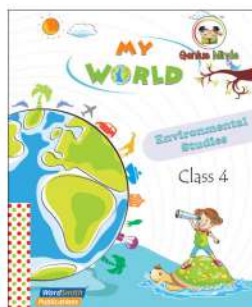

- 'My world' is a series of books which promotes awareness about our environment. There exists a link between all living creatures and non-living things that plays an important role in the wonderful world we live in.
- These books are based on NCERT guidelines and the progression of concepts is in accordance with the suggestions made by practicing teachers of various schools. Starting from oneself, family and neighbourhood, it gradually progresses to plants, animals and the earth & the sky.
- To make this learning of the various aspects of life and the environment a non – stressed, playful and joyous experience, these books have been presented in simple language with numerous illustrations and activities.

978-93-80842-82-0

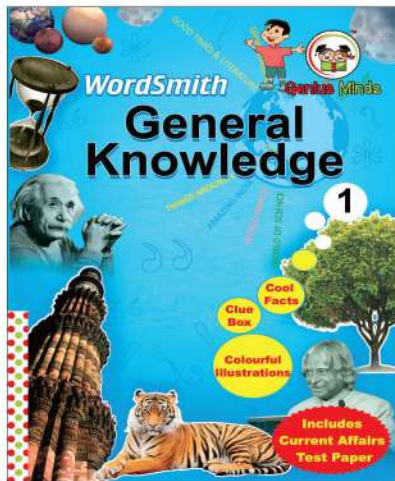

978-93-80842-83-7

978-93-80842-84-4

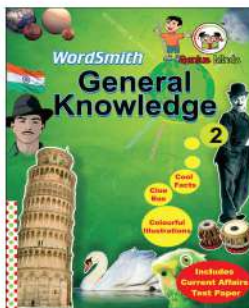

- Teachers as well as parents can take the help of these books to facilitate understanding and reinforcement of the fundamental concepts.

Wordsmith General Knowledge

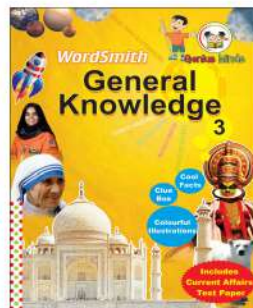

978-93-83891-89-4

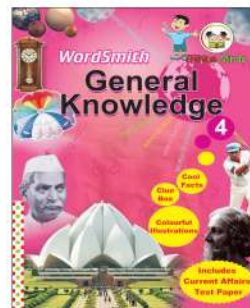

- General Knowledge Series has been created for the 21st century children, covering a wide range of topics relevant to the present day educational needs.
- Colourful illustrations and special features like 'Cool Facts' and 'Clue Box' followed by 'Test Papers', help children digest and retain the knowledge.
- Features like 'Aptitude' and 'Current Affairs' make children aware of the latest national and international developments and help build the right attitude and approach.

हिंदी पाठ्यपुस्तकों की शृंखला 'वर्डस्मिथ हिंदी रीडर' (भाग 1 से 8 तक) नई राष्ट्रीय शिक्षा नीति के अंतर्गत 'एन.सी.ई.आर.टी.' तथा 'अन्य राज्य शिक्षा बोर्डों' द्वारा बनाए गए नवीन पाठ्यक्रमों और सी.बी.एस.ई. द्वारा निर्धारित नई मूल्यांकन पद्धति (सी.सी.ई.) पर आधारित है।

'वर्डस्मिथ हिंदी रीडर' शृंखला की प्रत्येक पुस्तक की पाठ्य-सामग्री बच्चों की आयु और उनके मानसिक विकास को ध्यान में रखकर चुनी गई है। प्रत्येक पाठ अपने नवीन रोचक कथ्य और स्वरूप में बच्चे को जीव और जगत के गतिशील जीवन से धीरे-धीरे परिचित कराता चलता है।

यहाँ इस बात का ध्यान रखा गया है कि इन अभ्यासों से खेल-खेल में ही बच्चों की रुचियों का विकास हो। जहाँ पाठ की विषय-वस्तु पर आधारित अभ्यास बच्चों की जिज्ञासाओं को शांत करते हैं, वहीं क्रियाकलापों पर आधारित अभ्यास उनकी सृजनात्मकता को बढ़ाते हैं।

'वर्डस्मिथ हिंदी रीडर' शृंखला की पुस्तकों की प्रमुख विशेषताएँ एक दृष्टि में—

- ❖ अध्यापकों के मार्गदर्शन के लिए प्रत्येक पाठ में 'अध्यापन संकेत' दिया गया है।
- ❖ 'शब्दार्थ' के अंतर्गत प्रत्येक पाठ के कठिन शब्दों को हिंदी-अंग्रेजी अर्थ सहित दिया गया है।
- ❖ 'पाठ से' के अंतर्गत पाठ पर आधारित मौखिक, लिखित, वस्तुनिष्ठ, बहुवैकल्पिक आदि प्रश्नों को संयोजित किए गए हैं।
- ❖ 'भाषा कौशल' के अंतर्गत बच्चों की आयु और मानसिक स्तर के अनुसार व्याकरण से संबंधित अभ्यास दिए गए हैं।
- ❖ पाठ के अंत में 'कुछ अलग से' के अंतर्गत क्रियाकलाप पर आधारित कार्य दिए गए हैं।
- ❖ पुस्तक के अंत में 6 अभ्यास प्रश्न-पत्र दिए गए हैं, जिनसे बच्चों की दिमागी क्षमता एवं रचनात्मक प्रतिभा की जाँच में सहायता मिलेगी।
- ❖ इनके अतिरिक्त इस शृंखला में जगह-जगह 'चित्र वर्णन', 'मनोरंजक गतिविधि', 'सिर्फ पढ़िए और आनंद लीजिए', 'चित्रकथा' जैसी सामग्रियों का संयोजन किया गया है। इन पाठ्य-सामग्रियों से बच्चों को एक नई सरसता का अहसास होगा, जिससे वे आनंदपूर्वक पुस्तक से जुड़े रहेंगे।
- ❖ पाठों की सरल भाषा, सुंदर और आकर्षक चित्र, सुंदर छपाई तथा रोचक प्रस्तुतीकरण इस शृंखला की पुस्तकों को और भी उपयोगी बना देते हैं।

- प्रचलित शासनमान्य शालेय अभ्यासक्रमानुसार हे पुस्तक तयार केले आहे.
- विद्यार्थ्यांमध्ये श्रवण, भाषण-संभाषण, वाचन व लेखन ही मूलभूत कौशल्ये टप्प्या टप्प्याने विकसित करावयाची आहेत. यासाठी मुलांच्या अनुभवाशी आणि भावविश्वाशी निगडीत कविता, गाणी, गोष्टी, चित्रे, स्वाध्याय, भाषिक खेळ इत्यादींचा समावेश या पाठ्यपुस्तकात केला आहे. मुलांचा वयोगट लक्षात घेऊन पाठातील आशयाची काठिण्यपातळी इयत्तानिहाय चढत्या क्रमाने हळूहळू वाढवत नेली आहे. स्वाध्यायाची रचना करतानाही याची काळजी घेतली आहे. सोप्याकडून कठिणाकडे घेऊन जाणाऱ्या विविध विषयांच्या पाठांचे नियोजन जाणीवपूर्वक केलेले आहे.
- भाषाविकासाच्या प्रत्येक टप्प्यावर भाषिक संस्काराबरोबरच मूल्यसंस्कारही तितकेच महत्वाचे असतात. शिक्षणातून उद्याचे जबाबदार नागरिक म्हणून मुलांना घडवण्याचे कामही करायचे असते. या दृष्टीने पहिली ते आठवी या इयत्तांचा एकत्रित विचार करून सर्व पाठांची निवड करण्यात आली आहे. स्वाध्याय तयार करताना पुस्तकातील आशयाची नित्याच्या जीवनव्यवहाराशी सांगड घालण्याचा प्रयत्न केला आहे. प्रत्येक मुद्यावर विद्यार्थ्यांना स्वतःचे मत मांडता यायला पाहिजे. स्वाध्याय सोडवताना मुले अभिव्यक्त होऊ शकतील याचाही विचार यात केला आहे. पाठातील आशय इंग्रजी माध्यमाच्या शाळांमधील विद्यार्थ्यांना कठीण जाणार नाही. याचीही काळजी घेतली आहे.

My Beautiful World (Value Education)

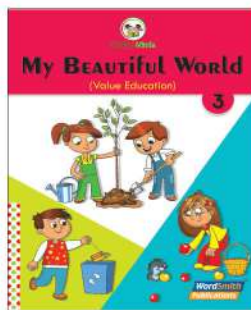

978-93-86294-47-0

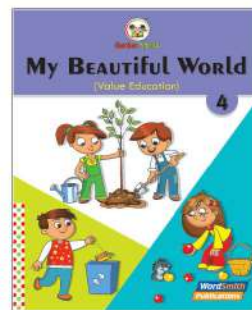

- We are living in a fast-paced world. Everyone is in a hurry to achieve something or the other.
- In this race to fulfill one's desires and achieve one's goals, many a times insensitivity towards others takes precedence over compassion.
- To avoid this and make our future generation act and behave as responsible human beings it is of prime importance to inculcate the right values in them at an early stage.
- My Beautiful World makes a sincere attempt to do exactly this.
